

## 7. WATERWAYS AND WETLANDS NATURAL ASSET MANAGEMENT STRATEGY

<b>Officer responsible</b> Water and Waste Manager	<b>Author</b> Bob Watts, DDI 371-1393
---	--

The above strategy was adopted by the Christchurch City Council at its October 2000 meeting. It provides a long-term vision for the management of Christchurch's surface water environment.

A brief presentation will describe the strategy, covering the Council resource management and planning responsibilities/management philosophy, investment criteria and priorities, and examples of projects.
