Officer responsible Parks and Waterways Manager	Author Brent Smith, DDI 371-1645
Corporate Plan Output: Capital Outputs	

The purpose of this report is to inform the Board on progress on Parks and Waterways capital projects within the Board's area as at 1 April 2001.

Included as an **attachment** is a schedule setting out details in respect of individual parks and waterways capital projects. Where possible, the schedules also contain information on specific projects within the Board's area that are funded from city wide allocations.

Overall, progress has been satisfactory with most projects nearing completion. However, there are a few projects where delays have occurred, generally due to planning/consultation issues. If these are unresolved, a request will be made to carry forward the current year's funds to 2001/02.

Recommendation: That the information be received.

Chairman's Recommendation: That the foregoing recommendation be adopted.
