Corporate Plan Output: Riccarton/Wigram Community Board Vol 1 3.2 Text 6	

The purpose of this report is to update the Community Board on the Turning Point 2000 State Highway 1 landscape enhancement project.

The Board may recall that the project was introduced to them in late 1999. Since then, the first stage of planting has been completed at Belfast and the Sawyers Arms and Johns Road intersection.

This year it is proposed to undertake planting in the following areas within the Board's district:

- Planting along Carmen and Masham Roads. Includes tree and climbing roses, the latter supported by boundary fences.
- Main South Road median replanting and verge enhancement.

It is anticipated that this work will be completed by early August this year.

**A copy of the plan will be tabled at today's Board meeting.**

**Recommendation:** That the information be received.

**Chairperson's Recommendation:** That the information be received.
