

22. ENVIRONMENT CANTERBURY DRAFT REGIONAL LAND TRANSPORT STRATEGY 2001

Officer responsible Community Advocate	Author Roger Cave, Community Secretary, DDI 372 2502
Corporate Plan Output: Riccarton/Wigram Community Board Vol 1 3.2 Text 6	

The purpose of this report is to allow the Board to receive this discussion document, "Environment Canterbury Draft Regional Land Transport Strategy 2001", and to provide comment back to the Regional Land Transport Committee.

Submissions were, originally, scheduled to close on 19 October 2001. With the local and regional local government elections (13 October 2001), there would have been no opportunity for Council and Community Boards to consider any proposed submissions.

When this discussion document was received by the 19 September 2001 meeting of the joint Christchurch City Council/Environment Canterbury Committee it was decided to seek an interim (staff-prepared) submission, and that it be followed by a seminar and ratification by Council (of a final submission).

Arrangements are in hand to receive the staff submission; a joint Board seminar is being mooted, also.

Recommendation: That the information be received.
