

22. ART IN PUBLIC PLACES

Barbara Stewart has requested that the Board consider the opportunity for supporting the provision of a suitable work of art in the Board's community. The possibility of this arising from a community competition could also be considered.

As members will be aware some considerable effort has been initiated with a view to co-ordinating and implementing such work on a city wide basis. Board Members from across the city were recently invited to seminars on this matter.

Barbara has suggested that the opportunity be taken for Members to attend a power point presentation available through Alan Bywater, Leisure Unit, and that this possibly be held in conjunction with some other Board activity scheduled before the election.

Recommendation: That the information be received.

Chairman's

Recommendation: That the foregoing recommendation be adopted.
