

15. PROPOSED NEW RIGHT OF WAY NAME

Officer responsible Environmental Services Manager	Author Bob Pritchard, DDI 3711 644
Corporate Plan Output: Subdivisions	

The purpose of this report is to obtain the approval by the Board of a new Right of Way Name.

PAP/20007506 154-160 Langdons Road C Inns - Papanui Ward

An access allotment and right of way has been constructed to serve three residential and nine business allotments. There is a shortage of property numbers available for the allotments, creating the need for a name for the access lot and right of way. The applicant has submitted two names, and wishes to continue the “Lang” theme from Langdons Road. The names proposed are Langwood Lane and Langstone Lane. The only existing name similar is Lancewood, which in handwritten form could possibly be confused with Langwood.

Recommendation: That the Board approve the name Langstone Lane for the above.

Chairperson’s Recommendation That the officer’s recommendation be adopted.
