The purpose of this report is to advise the Regulatory and Consents Committee of the recommendations of the Parks, Gardens and Waterways Committee regarding the Heathcote Valley Waterways, Wetlands and Drainage Scheme.

At the meeting of the Parks, Gardens and Waterways Committee held on Wednesday 10 April 2002 a report was presented by Ken Couling on a proposed cost sharing scheme to fund a proposed waterways, wetlands and drainage scheme in the Heathcote Valley (see attached report).

Part of the recommendation asks the Council to set as a condition on all future subdivision consents and building consents for dwellings and other premises within existing subdivisions a requirement for a cost contribution as described in the report.

In view of this recommendation the Parks, Gardens and Waterways Committee has asked that the report be referred to the Regulatory and Consents Committee for consideration.

Recommendation: That the information be received.
