

## 9. PROPOSED NEW ROAD NAMES

<b>Officer responsible</b> Environmental Services Manager	<b>Author</b> Bob Pritchard, DDI 3711 644
Corporate Plan Output: Subdivisions	

The purpose of this report is to obtain the approval by the Board of a name for four new residential roads. Road and Right of Way name approvals are delegated to Community Boards. It is important that approved names will not duplicate or be similar to existing names.

### **PAP20004438 - Englefield Road - Skipio Holdings Ltd**

The first stage of this subdivision will create two new roads off the end of Englefield Road, while a further road will be constructed later. The applicants have submitted several names for the roads, in keeping with the topography of the area. The first road passes over Kaputone Creek, with springs and ponds established on both sides of the road. Well established mature trees have been carefully preserved within the subdivision, which also adjoins a park. The following names have been submitted in order of preference for the new roads: **Springwater, Parkwater, Treewater, Parkside, Treevale, Hightree** and **Springwood**. The applicants have requested that the Board approve new names for all three roads of the subdivision, if there are three names deemed suitable by the Board. The first two names will be suffixed as Avenue and Crescent, but the suffixes have not yet been determined for the third road.

**Recommendation :** That the Board approve three names for the above subdivision.

**Chairperson's Recommendation:** That the names Springwater, Parkwater and Hightree be approved for the subdivision.
