

4. HARAKEKE STREET/KERB AND DISH CHANNEL RENEWAL

Officer responsible City Streets Manager	Author Brian Boddy (Area Engineer), DDI 3711013
Corporate Plan Output: - 2002/2003 Capital Works Programme	

The purpose of this report is to request that the Fendalton/Waimairi Community Board approve for distribution the **attached** publicity plan for the renewal of the dish channels in Harakeke Street from Daresbury Lane to the cul de sac head at its northern end.

This section of Harakeke Street (a local road) is on the Capital Works Programme to have its kerb and dish channel renewed on both sides in the 2002/2003 financial year. The local residents have been surveyed. Following consideration of the resident's feedback (see **attached** letter for a summary of their feedback) different options have been considered and the proposal shown on the **attached** plan has been drawn up. The amount of \$150,440 has been budgeted for the replacement of the dish channel.

The overhead services shall not be undergrounded, as there is no money budgeted for the work.

Recommendation: That the Community Board approves the attached publicity plan for distribution.

Chairman's Recommendation: That the foregoing recommendation be adopted.
