

## 5. MERIVALE LANE/KERB AND DISH CHANNEL RENEWAL

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Brian Boddy (Area Engineer), DDI 3711013
Corporate Plan Output: - 2002/2003 Capital Works Programme	

The purpose of this report is to request that the Fendalton/Waimairi Community Board approve for distribution the appended publicity plan for the renewal of the dish channels in Merivale Lane from Winchester Street to Rossall Street.

This section of Merivale Lane (a local road) is on the Capital Works Programme to have its kerb and dish channel renewed on both sides in the 2002/2003 financial year. The local residents have been surveyed. Following consideration of the residents and school's feedback (see **attached** letter for a summary of their feedback) different options have been considered and the proposal shown on the **attached** plan has been drawn up. A feature of the plan is the drop off area and slow street environment in front of Rangī Ruru Girls School. The amount of \$406,766 has been budgeted for this work.

The overhead services shall be undergrounded.

**Recommendation:** That the Community Board approves the attached publicity plan for distribution.

**Chairman's Recommendation:** That the foregoing recommendation be adopted.
