

7. WINSLOW STREET/PROPOSED NO STOPPING RESTRICTION

Officer responsible City Streets Manager	Author Brian Boddy (Area Engineer), DDI 3711013
Corporate Plan Output: - Traffic Signs and Markings	

The purpose of this report is to request that the Fendalton/Waimairi Community Board approve the installation of no stopping restrictions on the east side of Roydvale Avenue each side of its intersection with Winslow Street.

BACKGROUND

The existing situation is that there are inadequate lines of sight for drivers exiting Winslow Street onto Roydvale Avenue when vehicles legally park up to six metres from the intersection. To provide adequate lines of sight at all times for these drivers it is necessary to install no stopping restrictions on the east side of Roydvale Avenue on both sides of the intersection.

- Recommendation:**
1. That the stopping of vehicles be prohibited at any time on the east side of Roydvale Avenue commencing at its intersection with Winslow Street and extending in a north easterly direction for a distance of twenty nine metres.
 2. That the stopping of vehicles be prohibited at any time on the east side of Roydvale Avenue commencing at its intersection with Winslow Street and extending in a south westerly direction for a distance of ten metres.

Chairman's Recommendation: That the foregoing recommendation be adopted.
