

17. SOUTH CHRISTCHURCH BUS SERVICE REVIEW

Officer responsible Community Advocate, Spreydon/Heathcote	Author Elaine Greaves, DDI 941-5105
--	---

At its meeting on 12 June 2002, the Transport Committee considered a letter from Environment Canterbury (attached) seeking feedback on the review of bus services over the next two years as the individual bus service contracts expire. Public consultation is intended to be carried out during October and November 2002.

The Committee recommended that the review of the bus services to south Christchurch be considered by the Board at its July meeting.

If a submission is not forthcoming from the Board, members may wish to put forward an individual submission. Submissions close on Friday 5 July 2002.

Staff

Recommendation: That the Board consider making a draft submission to Environment Canterbury on the review of bus services to south Christchurch.
