

4. SAFER CHRISTCHURCH

Dean Leabourn, Co-ordinator Safer Christchurch, will be present to update the Committee on developments with Safer Christchurch. Dean will have written information and will answer questions. Given that the previous co-ordinator finished in her role in May 2001, and Dean was appointed in August 2001, there has been a considerable amount of time with no reporting from Safer Christchurch. In addition there has been some time spent in reviewing the membership, role and vision of Safer Christchurch, and this process is continuing.
