

## 14. GARLANDS ROAD – PARKING RESTRICTION

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Lorraine Wilmshurst, Area Engineer, DDI 941-8864
--	---

The purpose of this report is to ask the Board to approve two ten minute parking restrictions in Garlands Road.

As a result of the consultation for the parking restriction in Garlands Road as were reported to the Board in April two businesses in the vicinity of Tanner Street and Cumnor Terrace, have requested that Council consider placing two areas of P10 to help with traffic management in this area.

Through this section of Garlands Road it is proposed at present to allow all day parking. On the north side of Garlands Road there is a food shop and on the south side a dry cleaners and photo lab. These businesses have approached Council officers requesting that we consider some short term parking. There are times when vehicles double park and with the new markings it would mean that this traffic would block the cycle lanes and encroach into the traffic lane.

To better manage the traffic in the vicinity of these businesses a P10 parking restriction, one on each side of the road, is proposed.

- Recommendation:**
1. That the parking of vehicles be restricted to 10 minutes on the north side of Garlands Road commencing at a point 83 metres from Cumnor Terrace and extending in a westerly direction for a distance of 20 metres.
  2. That the parking of vehicles be restricted to 10 minutes on the south side of Garlands Road commencing at a point 93 metres from Cumnor Terrace and extending in a westerly direction for a distance of 12 metres.

**Chairman's Recommendation:** That the recommendations be adopted.
