

23. LINWOOD AVENUE ADDITIONAL BUS STOPS

Officer responsible City Streets Manager	Author Andrew Hensley, DDI 371-1516
--	---

The purpose of this report is to seek the Board's approval for the installation of two additional bus stops in Linwood Avenue.

BACKGROUND

Requests have been received for additional bus stops to be installed in Linwood Avenue to serve the 30 Sumner via Linwood Avenue route. The present bus stop placements are a result of Environment Canterbury initially designating this route a limited stop service. Environment Canterbury are now agreeable for additional bus stops to be installed.

DISCUSSION

It is proposed that a pair of bus stops be installed on Linwood Avenue to serve the Tilford Street and McGregors Road catchment area. This pair of stops would be approximately halfway between the existing pairs of stops at Hargood Street and Linwood Park.

CONSULTATION

Agreement has been gained from the Linwood Avenue Union Church for a bus stop outside the church, at a Parish Council Meeting on 2/5/2002.

Agreement has been gained from the owner of 2 McGregors Road for a bus stop outside the Linwood Avenue frontage of the property.

- Recommendation:**
1. That a bus stop be installed on the south western side of Linwood Avenue commencing at a point 14 metres from its intersection with Tilford Street and extending in a north westerly direction for a distance of 18 metres (Linwood Avenue Union Church).
 2. That a bus stop be installed on the north eastern side of Linwood Avenue and commencing at a point 19 metres from its intersection with McGregors Road and extending in a south easterly direction for a distance of 18 metres (2 McGregors Road - Linwood Avenue frontage).

Chairman's

Recommendation: That the recommendations be adopted.
