

6. LGNZ TRANSPORT FORUM

Officer responsible Director of Policy	Author Stuart Woods, DDI 941-8615
--	---

The purpose of this report is to bring to the attention of the Committee a LGNZ forum covering the recent developments and content of central government legislation on transport policy soon to be introduced.

The forum is to be held in Wellington on 25 June (the flyer for the forum is attached). LGNZ have indicated that it will include a presentation by the Minister of Transport, Hon Mark Gosche on the Land Transport Management Bill to be introduced in June. The forum will also include informed speakers to present overviews, explain components of the bill, answer questions and provide initial responses, with an opportunity to participate in discussion and develop these responses.

It is desirable that the City Council is represented at this forum and takes the opportunity to become better informed and contribute to the tenor of the responses. With this in mind, it is suggested that the Chair attend this forum. Stephen Matheson and I will be attending the forum.
