The purpose of this report is to seek approval to the appointment of an additional member to the Trade Waste Charges Subcommittee.

At its meeting on 9 April 2002 the Sustainable Transport and Utilities Committee considered a report dealing with the concerns that had been raised by industry representatives about the proposed increase in trade waste charges.

The Committee agreed that a comprehensive review of trade waste charges be undertaken in 2002 and that a subcommittee consisting of the Chairman and Councillors Williams and Carole Evans be established to work with staff for this purpose. In addition it was agreed that the Canterbury Manufacturers' Association and other stakeholders be invited to take part in this review.

Councillor Megan Evans has indicated an interest in also serving on this subcommittee and the approval of the Committee is sought to this further appointment in terms of section 114R(2) of the Local Government Act 1974.
