The following letter was received from Liz Hughes, Secretary of the Heathcote Valley Community Library (Inc).

"Thank you for your letter dated 26 March 2002 advising that our request for funding from the Hagley/Ferrymead Community Board Project Fund 2002/03 had been successful.

Our library is most appreciative of the support it receives from the Hagley/Ferrymead Board, it really helps us to provide the best possible facilities for our community.

Kind regards."

Chairman's

Recommendation: That the correspondence be received.

3.5 Te Ropu Tamariki

The following request has been received from Te Ropu Tamariki.

"Thank you for your letter dated 26 March advising that the Board were unable to allocate funding to the 'Te Ropu Tamariki' after school's club project.

Unfortunately the letter arrived the day after the annual closing date for Community Development Scheme funding. Had I been advised a week earlier I would have put in an application to the Community Development Scheme. I would therefore like to request \$4,000 from discretionary funding."

The Community Advocate comments: As this applicant missed out applying for Community Development Scheme funding it is recommended that the Board grant up to \$4,000 from the Discretionary Fund. Te Ropu Tamariki had originally requested \$10,000 from the Board's 2002/03 Project Fund. Board members have already received information on Te Ropu Tamariki with their request for Project funding.

Chairman's

Recommendation: That the Board grant \$4,000 to Te Ropu Tamariki.
