

## 9. MEMORIAL AVENUE – P5 PARKING RESTRICTIONS

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Jeff Owen, DDI 372 2507
Corporate Plan Output: Street Markings and Signs 9.6.9	

The purpose of this report is to seek the Board's approval to install a P5 Loading Zone on Memorial Avenue outside the Burnside Primary School for drop off and pick up purposes.

The Principal of Burnside Primary School has requested the provision of short term parking on Memorial Avenue outside the school. Parents have expressed concern at the lack of short-term parking to allow for dropping off and picking up of children at school times. Due to the schools closeness to the Ilam Road intersection, some years ago an indented parking bay was created to help parking at these times. However it is not exclusive at school times with double parking starting to occur outside the permanent parked vehicles. Memorial Avenue is designated a Major Arterial road and carries up to 24,000 vehicles per day past the school.

**Proposed P5 Loading Zone-Memorial Avenue**

Neighbouring property owners have been advised of the proposal by letter and have been given an opportunity to comment on the proposal. Three replies have been received from the four property owners. Two are in full support of the proposal with one questioning the need for anything at all. The owner of No.94 Memorial Avenue is unsure if it's needed. The proposal may cause a parking issue for their nanny who parks outside their property through these times if parking is unavailable elsewhere. If the Board wishes the proposed Loading Zone could be shortened to keep the status quo outside this property.

The Parking Operations Manager is agreeable to the installation of a P5 Loading Zone for drop off and pick up purposes in this area.
