

## 12. GLOUCESTER STREET P5 LOADING ZONE

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Basil Pettigrew, DDI 941-8542
--	--

The purpose of this report is to seek approval to create two P5 Loading Zones on the southern side of Gloucester Street east of Manchester Street.

A request has been received from 'Cue Time Ltd' and 'The Clinic' for two Loading Zones to enable deliveries and pick ups to be made. This will overcome the problems with vehicles double parking and blocking the traffic lanes in both Gloucester Street and Manchester Street.

With 'The Clinic' being a health provider including doctor, pharmacy and physiotherapy it has been advised that ambulance parking is sometimes required.

The most convenient location is in the space east of Manchester Street currently designated as metered parking. Vehicle parking in this area is currently well supplied and the removal of two metered parks to provide Loading Zones has the support of the Parking Operations Manager (see plan attached).

### Staff

- Recommendation:**
1. That two Loading Zones with a time limit of 5 minutes be created on the southern side of Gloucester Street commencing at a point 35 metres from Manchester Street and proceeding in an easterly direction for 12 metres.
  2. That the two existing P60 metered parking spaces in the above described area be revoked.

### Chairman's

- Recommendation:** That the above recommendation be adopted.
