

## 2. DEPUTATIONS BY APPOINTMENT

### LISA MORA

Lisa Mora, Community Development Worker, has been granted speaking rights to present the Inner City Community Development Interagency Project. The project was initiated in April 2002 by the Richmond Fellowship in conjunction with the Family and Community Division of Anglican Care.

An Inner City Interagency Community Development Working Party has been established to explore the provision of a “drop in centre” for ‘streeties’.

Copies of the research reports have been circulated separately.
