

2. SITE VISITS

2.1 BENMORE GARDENS RESERVE

The development of the reserve, including the earlier input from the local community at the community planting day, has been completed.

This site visit by the Committee will provide an opportunity to view what has been done and to hear from staff on the residents ongoing interest in the future of the reserve.

2.2 JELLIE PARK – POND REDEVELOPMENT

Work on the redevelopment of the pond and surrounding area is progressing well and the opportunity is being taken to view the project at first hand.
