

### 3. PETITIONS

Two petitions have been received regarding the siting of the proposed skate path in Shirley.

The prayer of the petitions read:

*"We the people of Shirley do not want the ramp to be in the park beside the flying fox as it is very close to houses with children living in, elderly people with disabilities and we don't want to have Robbies in this area also. Please find another part of the park away from the housing."*  
(27 signatures.)

*"We the people of Shirley do not want the skateboard area to be sited on the proposed site no 5. We feel that it is not necessary and that the other sites are better situated for this proposal."*  
(20 signatures).

Rosemary Roberts will be present at 4.00pm to speak to the second petition.
