**2. AVON RIVER (CENTRAL CITY) STRATEGY**

**9.30AM-10.15AM**

Presentation: David Sissons, Parks and Waterways Planner, Greenspace Unit.

Council Greenspace officers have been writing the draft Avon River (Central City) Strategy for some time now.

A preliminary draft was presented to the Parks, Gardens and Waterways Committee on 11 February 2004 and its recommendations:

That the draft Avon River (Central City) Strategy be released for public comment,  
That a consultation plan be developed by staff and actioned,

were adopted by the Council on 26 February 2004.

The Ngāi Tahu and European heritage sections of the preliminary draft needed further work, and the opportunity was taken to include a suggested implementation timetable. These have now been done, the consultation plan is developed, and the unit is ready to release the draft Strategy for public comment and to action the consultation plan, as per the Council resolution.

It is planned to do this on 20 February, and matters related to this will be advised at the seminar and copies of the draft Strategy distributed.

**CATERING**

Morning tea will be provided in the Chamber at 9.30am
