1. APOLOGIES

2. REVIEW OF POLICY REGISTER

Presenters: Rochelle Hardy and Jane Cartwright

The objective of this seminar is to reiterate how staff have worked with the organisation to sort the items in the 2004 version of the CCC Policy Register ("the Register") into the three categories. The officers now wish to share with Councillors the whole list noting which items goes where; it is noted that this list was pre-circulated to all Councillors. We seek the Council's feedback on the initial sort of the list being Milestone One of producing a new policy register.
