PART B - REPORTS FOR INFORMATION

1. DEPUTATIONS BY APPOINTMENT

- 1.1 Residents of Rose Street - Chris Dewar, Paul Neilan, Nikki Reece, Maureen Woods, Richard Burn and Erin O'Learly.

Residents of Rose Street, spoke to the Board regarding their concerns in relation to trees, grass verge/berm and the number 19 bus route in Rose Street. They raised concerns regarding the thinning and proposed replacement of trees in the street, seeking clarification on what is going to be done and when. They expressed their concern that the pegs on the grass verge/berm had been removed by the Council without prior consultation. It was noted that these pegs had been installed by residents to help protect the grass verge/berm from deterioration from vehicles parking on the grass. They also expressed their concern that the Council had plans to widen the street and remove the grass verge/berm to cater for the new bus route.

The Board **decided** to request a staff report to the next Board meeting on the following matters in relation to Rose Street:

- An explanation of the reasons/clarification for enforcement actions in relation to the removal of pegs and the process used; and of the residents rights to apply for a variation and the process needed to apply.
- The status of the trees and in particular any plans for removal and/or replacement of the trees including a recent history of consultation with residents regarding the trees.
- The state of the berms and any plans in relation to these with consideration to be given to adding parking surfaces adjacent to the berm as an interim measure. Further, staff to note that short term discussions are needed with residents relating to pegs replacement to protect the berms.
- An explanation of the parking implications of a planning application for new childcare centre in the vicinity of Rose Street.
- An explanation of recent matters related to parking problems and the associated law and regulations which apply.
- An explanation of planned consultation with residents relating to all of these matters.
- Note concerns about the impact of short term measures, however there needs to be temporary measures prior to total funding to upgrade the street.

The Board also **decided** that:

- Staff be requested to liaise with Cashmere High School regarding students parking in Rose Street.
- Staff note that a total upgrade of Rose Street be included in LTCCP process.
- Staff request from ECan an explanation of the degree of past consultation with ECan and any plans for changes to existing bus routes along Rose Street. This is particularly in relation to the Number 19 bus route.
