Rangiora West and East Structure Plans Areas

Trevor Ellis then continued the briefing covering:

- Why prepare structure plans?
- Structure planned approach
- Rangiora West structure plan
- Rangiora East structure plan

Comments made in respect of the briefing included:

- The encouraging use of the new Northern Star bus service
- The encouragement of a 10 dwellings per hectare policy could pre-empt infill taking place through more intelligent design

It was **resolved**:

1. That the monthly report of the Independent Chair and Implementation Manager be received.
2. That the workshop for UDS IC members to be held on Monday 20 April 2009 be cancelled.
3. That the next meeting of the UDS IC in May 2009 be postponed from 25 May 2009 and a new date be advised to members.

3. **UDS ACTION PLAN UPDATE AND 2009 WORK PROGRAMME**

Arising from the matters contained within the report members commented on:

- The need to retain the “tools” category within the action plan.
- Early warning needs to be given to members of any significant changes, ie what may no longer be appropriate or may be emerging, in order to get a feel of the action plan's direction.
- What is proposed in respect of the protocol within the tangata whenua to ensure neither progress or implementation is not delayed.

It was **resolved** that the report on the UDS Action Plan Update be received and that the terms of reference for the action review be approved, subject to the retention of the “tools” category as appropriate.

4. **CENTRAL GOVERNMENT ENGAGEMENT 2009**

It was **resolved** that the report be received.

5. **PLAN CHANGES WITHIN THE UDS SUB-REGION**

It was **resolved** that the information on plan changes within the UDS sub-region be received and that updates be provided to this Committee on a six monthly cycle.

It was noted that a coloured version of the work contained on page 28 of the agenda is to be circulated to all members.

6. **NORTH AND SOUTH-WEST PUBLIC TRANSPORT CORRIDORS STUDY**

In discussing this report it was seen that there is need to look at the cost benefit analysis as to the terms of reference, time frames, strategic gains etc. In this regard a provisional report back would be helpful.

It was **resolved** that the north and south-west public transport corridors study report be received and the proposed approach to the investigation be endorsed.

An update is to be provided at the June meeting.

7. **CHRISTCHURCH NORTHERN ACCESS TRANSPORT INVESTIGATIONS**

It was **resolved** that the Christchurch Northern Access Transport Assessment report be received and the terms of reference contained therein, noted.

8. **REGIONAL AGGREGATE SERVICES**

In the discussion that followed this report it was commented:

- The difficulty provided by the current “prohibited activity” rules that were in place to protect the aquifers.
- Whether the rules ignored “good practice”, as the issue was a serious one that needed addressing.

	ACTION
<p>It was resolved:</p> <ol style="list-style-type: none">1. That the UDS Councils proceed with an assessment of the gravel resources (over the Selwyn, Christchurch and Waimakariri part of the Canterbury Plains) and a detailed assessment of the supply and demand for gravel in the Greater Christchurch area and consider further work once this has been completed.2. That the report be received subject to clause 5.3(d) being replaced by: <i>“Irrelevant until there is a resource and how it could be accessed.”</i> Plus the addition of a clause (e) development of policy framework around resources.	
<p>9. DRAFT GREATER CHRISTCHURCH TRAVEL MANAGEMENT STRATEGY AND ACTION PLAN</p>
