

Greater Christchurch Urban Development Strategy

Report To: UDS Implementation Committee (UDSIC)
Subject: UDS Action Plan Update
Reference in Action Plan: 6.31.4 (Page 132)
Report Author: Implementation Manager
Report Date: 30 August, 2010

1. Purpose

This report puts before the Committee a final version of the updated UDS Action Plan.

2. Timeline and Update

UDS IMG has been working throughout this year to re-draft the Action Plan with a view to completing the update prior to the lead-up to the local body elections in October.

At the UDSIC meeting in June we presented a near final draft of the Action Plan for your comment with the aim of integrating any comments into the document prior to bringing it back to UDSIC in August.

Following the UDSIC meeting in June a working party met to consider final alterations to the UDS Action Plan. This group met twice, and completed a substantial review of the document.

Following approval of the 2010 Action Plan, we aim to republish a refreshed UDS and the Action Plan as two companion documents before the end of the year.

3. RECOMMENDATION

4.1 *That the report on the UDS Action Plan Update be recommended for adoption by partner Councils.*

James Caygill
Implementation Manager
