

1. DEPUTATIONS BY APPOINTMENT

1.1 FROSTS ROAD TRAFFIC ISSUES

Fran Keina was in attendance to express concern about the lack of provision for cyclists and pedestrians using Frosts Road. Ms Keina considered that a pedestrian and cycle link between QEII Park and the Parklands area was increasingly needed for access to QEII, the Travis Wetland and local schools. She was concerned that traffic appears to be increasing in both volume and speed on Frosts Road. In her opinion the existing painted shoulder is inadequate.

In support of her deputation, Ms Keina presented a petition signed by 58 members of the local Probus Club and evidence of support from 31 local residents, three schools, the Parklands Community Constable and the Manager of QEII Leisure Centre.

The Board's decision is recorded under Part B, clause 2 of this report.
