

#### 4. GOVERNMENT FUNDING - OUT OF SCHOOL CARE AND RECREATION PROGRAMMES

This Children's Advocate and Recreation and Arts Team Leader outlined the latest information on new government funding available for Out of School Programmes. The Board **decided:**

1. That Community Recreation Advisers and Community Development Advisers work closely with community providers, the OSCAR Network in Christchurch and National OSCAR to ensure that Christchurch providers are aware of this funding.
2. That Community Boards consider continuing to support Out of School Programmes in their areas at current levels of funding for the 2003/04 financial year until an analysis of the impact of Government funding in this area in Christchurch has been made and reported back to Boards by June 2003.
