

9. UNIVERSITY OF CANTERBURY PARKING

In response to a report from the Community Advocate, the Board **decided** to endorse the holding of a joint Fendalton/Waimairi and Riccarton/Wigram Community Board seminar on 28 November to bring members up to date on the university's review of on-site parking within the campus area, together with possible impacts on the adjacent community, and an update on the Council's upcoming roading works on streets surrounding the university.
