

5. SHIRLEY/PAPANUI CHILDREN'S DAY AT THE GROYNES

A report by the Community Recreation Adviser detailed the outcomes of the Children's Day Event at the Groynes, a free community event that was funded by the Board and co-ordinated by City Leisure. It had been attended by approximately 3,000 people and complimentary comments had been received by participants. The Board **received** the report and agreed that in future years, a postponement day be set, as a large amount of co-ordination, budget and time was spent in its preparation.
