

1. PROPOSED LANDSCAPE PLAN FOR ADDINGTON CEMETERY

Craig Benson, Landscape Architect, presented the landscape plan for the enhancement of Addington Cemetery. The proposal includes planting of roses. There will be consultation with the local community at a future time. Members discussed possibilities for funding plantings, involving the community, ancestors and interested parties. It was suggested that the money set aside for tree planting in the Board's Project Funds could be used for the cemetery planting if not required for tree planting. Further reports would be made to the Board.

The Board **decided** to support the concept plan.
