

20. TRAMWAY LANE

The Committee received a report from Lorraine Wilmshurst, City Streets Unit seeking approval to continue with the design and proposed upgrading of Tramway Lane.

The report detailed the work proposed to be undertaken to develop the area and restrict vehicle access in the pedestrian mall.

The Committee **resolved**:

1. That adjustments be made to the position of the northern set of bollards to provide access to the garage at the rear of number 165.
2. That the design and upgrade of Tramway Lane proceed.
