

## 2. DRAFT TERMS OF REFERENCE FOR COMMERCIAL STRATEGY

A report from Matt Bonis, Planner, City Development group detailed draft terms of reference and issues for the formation of a commercial strategy.

Following consideration of the report, the Committee held a workshop and identified further issues that it considered should be included in the terms of reference.

The Committee **decided** that:

1. The Terms of Reference for a Commercial Strategy, including further issues identified, be brought to the February 2003 meeting for consideration.
2. An update on Environment Court cases relating to major planning matters including commercial developments in cities (eg ProMall case in Upper Hutt, ARC/North Shore case on urban limits etc), be made available to the February meeting.
