

13. DEPUTATIONS BY APPOINTMENT

13.2 Ferrymead Heritage Park: Signage

Bryan Lintott, Director of Ferrymead Heritage Park addressed the Board regarding Ferrymead road signage concerns. Mr Lintott submitted that there is inadequate road signage for the Ferrymead Heritage Park. Brian Neill (Traffic Engineer, City Streets Unit) advised that the Heathcote Valley Project Team would be meeting within the next week, and the signage concerns could be discussed at that meeting. A strategy for signage for the whole area could be considered, and Brian Neill would report back to the Board on possible signage solutions including costings for immediate signage.
