

10. ADDITIONAL NAME FOR SUMMIT ROAD AUTHORITY

The Summit Road Authority is seeking the adoption of an additional name in Te Reo Maori. Christchurch City is one of three constituent Councils represented on the Authority and the Riccarton/Wigram community is one of three communities through which the Summit Road passes.

Adoption of dual naming of organisations and geographical features is a growing practice and the adoption of the Maori name by the Authority will provide greater recognition of the historical and cultural links with the Port Hills.

The Board **decided** to support the adoption of an additional name for the Summit Road Authority in Te Reo Maori.
