

18. WYCOLA AVENUE TRAFFIC CALMING

The City Streets Manager sought Board approval to implement a Neighbourhood Improvement Plan for Wycola Avenue, Hei Hei.

Funds have been allocated for this work in the current financial year. Issues identified at the location, fronting a local strip shopping centre and Council community centre included:

- vehicles cutting corners
- improved safety for pedestrians
- retention of parking outside the shops

The proposal included a splitter island, paved platform outside the community centre (to replace an existing marked pedestrian crossing), kerb buildouts and a second raised platform. Community consultation had been very favourable.

The Board **resolved** to approve the traffic calming project for Wycola Avenue.
