

## 20. 40KM/H PART TIME SCHOOL SPEED ZONES

The Board received a report on the new sites for the 40km/h part-time school speed zones for the 2002/03 financial year. Ingrid Stonhill advised that because of the safety criteria and process required for these zones, it is not possible for schools to raise the money and put in their own signs.

The Board **resolved** to support the installation of a 40km/h part time school speed zone at Marshland School for the start of term one 2003.
