

2. DEPUTATIONS BY APPOINTMENT

(c) **Ralph Ross, Shirley Residents' Association**

Ralph Ross spoke to the Board regarding item 12 on the agenda, Warrington Street parking. He advised that the Residents' Association was concerned with the proposed loading zone, and requested that it be made a clearway between 4.00 pm and 6.00 pm, as the traffic at this time might be impeded by the loading zone. He also considered that the butcher on this corner would suffer from the proposed widening of Hills Road through the NROSS proposal and requested that the Board review the design of the whole corner.

The Chairperson advised that this item would be discussed later in the meeting.
