

23. **SPRINGFIELD/EDGEWARE PROPOSED TRAFFIC SIGNALS**

The Board received a report requesting approval for the publicity plan for pedestrian facilities for the partially sighted at Springfield Road.

Board members requested that the intranet address be included on the pamphlet and that the closing date for responses be clearly shown.

The Board **resolved** that the proposed traffic lights/pedestrian crossing facility for the visually impaired publicity pamphlet be approved for distribution. Consultation feedback to be reported to the Community Board.
