

## 8. AVON RIVER BRIDGE LIGHTING PROJECT

A report from the City Solutions Manager provided an update on the lighting of the central city bridges on the Avon River.

The Committee **decided**:

1. That the design for the lighting for the Bridge of Remembrance be commenced immediately.
2. That the re-allocation of the 2005/06 bridge lighting budget to the 2004/05 financial year be referred to the Annual Plan Subcommittee for consideration.
