The purpose of this report is to seek approval to consult on the draft Christchurch Road Safety Strategy, previously approved by the Road Safety Co-ordinating Committee.

REVIEW OF THE CHRISTCHURCH ROAD SAFETY STRATEGY

Last month the Road Safety Co-ordinating Committee approved the draft Christchurch Road Safety Strategy for consultation. A seminar on the draft strategy was held for members of the Sustainable Transport and Utilities Committee on 26 March 2004 and suggested amendments arising from that seminar have been included in the draft strategy.

Copies of the draft Christchurch Road Safety Strategy have been separately circulated. The Road Safety Co-ordinating Committee seeks approval for the draft strategy so that it may go out for consultation from 10 May to 18 June 2004. The final document will be launched in September 2004.

Recommendation: That the draft Christchurch Road Safety Strategy be approved for public consultation.
