

11. INFORMATION SHARING

The Board considered a report detailing further options to utilise funding allocated for sharing information with the Spreydon/Heathcote community.

It was **resolved**:

1. That the proposed communication guide be adopted.
2. That in addition to the Spreydon/Heathcote newsletter, the Board produce an information page in a local newspaper similar to the Burwood/Pegasus example.
3. That communication be continued as at present, and that a Working Party comprising Sue Wells, Phil Clearwater and Lynda Carter meet with interested community groups to discuss e-communication options within the community.
