

8. STRICKLAND STREET COMMUNITY GARDEN

The Board's approval was sought to allocate \$5,000 from its 2003/04 Professional Support and Development Project fund toward an evaluation of the Strickland Street Community Garden (SSCG), which operates under the umbrella of Manuka Cottage.

The Board **resolved** to defer a decision to allocate \$5,000 for the purpose of an evaluation of the Strickland Street Community Garden until the 24 February meeting, pending liaison between other Council units to establish the specific nature, extent and cost of the evaluation; such evaluation to include a triple bottom line approach.
