

11. CYCLE STRATEGY PROPOSED UPDATE PROCESS

The Committee **considered** a report from Michael Ferigo, Transport Planner, City Transport Unit providing an update on the process proposed to update the existing Cycling Strategy. The report noted that the current strategy is now four years old and is due to be revised and updated and provided details of the background and proposed revision process together with a timeframe and key milestones.

The Committee **decided**:

1. That the process, timetable and key milestones for updating the Council's Cycle Strategy, as detailed in this report, be adopted.
2. That a seminar be held for the Committee on Thursday 24 June 2004 to consider the draft strategy.
