

15. VICTORIA STREET - P10 PARKING RESTRICTION

The Committee considered a report seeking approval for the installation of two P10 'At Any Time' parking spaces on Victoria Street opposite the Casino.

The report noted that requests had been received from the property managers in this area of Victoria Street, on behalf of the tenants, to provide short-term car parking for customers wishing to access the businesses in this area (53-59 Victoria Street) which is now occupied by four restaurants, which also cater for takeaways, a 24 hour convenience store and a money machine. It was felt that the length of the existing P60 parking restriction was no longer appropriate to serve the changing needs of the area.

It was proposed to remove two P60 parking metered spaces and replace these with two P10 'At Any Time' parking spaces.

The Committee **resolved**:

1. That two P60 parking spaces on the western side of Victoria Street commencing at a point 37 metres from its intersection with Kilmore Street and extending in a northerly direction for a distance of 11.5 metres be removed.
2. That two P10 'At Any Time' parking spaces be installed on the western side of Victoria Street commencing at a point 37 metres from its intersection with Kilmore Street and extending in a northerly direction for a distance of 11.5 metres.
