

2. SUBURBAN POOLS – EXTRA COSTS OF OPERATING FOR 2004/05 SEASON

The Committee considered a report on the opening hours for the suburban pools in the 2004/05 season and costs of operating the suburban pools.

The Committee **decided**:

1. That the suburban pools be included in an overall strategy for pools provision in the city and that the decision on opening hours of the suburban pools be deferred until the strategy is completed.
2. That the strategy (including costings) be put out for consultation.
