

23. REMOVAL OF TREE ON BRIDLE PATH ROAD: RELOCATION OF SUMNER MASONIC LODGE BUILDING

Warwick Scadden (Parks and Waterways Area Advocate) briefed the Board on the proposed relocation of the Sumner Masonic Lodge building, and the requirement to remove a tree on Bridle Path Road to enable the building to be transported.

The Board **resolved**:

1. To give the Environment and Traffic Committee power to act to determine whether to approve the removal of the tree.
2. That membership of the Environment and Traffic Committee be extended to include all interested Board members for the purposes of determining whether or not the tree should be removed.
