

11. ADDITIONAL REPRESENTATIVE - CHRISTCHURCH ROAD SAFETY COORDINATING COMMITTEE

The Committee considered a report seeking the approval of an additional representative to the Christchurch Road Safety Coordinating Subcommittee to represent the Department of Courts.

The report arose from a recommendation from the Subcommittee who considered that there would be an advantage in having a representative from the Department of Courts with first hand experience in the types of driver behaviour appearing before the Courts and other issues regarding enforcement.

The Committee **resolved** that an additional representative from the Department of Courts be appointed to the Christchurch Road Safety Coordinating Committee and that the Department be invited to sign a waiver form in respect to any entitlement to meeting attendance fees.
